Sir:

Prior to examination, please amend the above-identified patent application as follows:

IN THE CLAIMS:

Please amend the claims as follows:

1. (Amended) A method allowing a customer to a printing service provider to create a PDF document at the site of the customer through a computerized interface and sending the PDF document to the service provider through a network for data-communication, whereby the service provider directs the PDF document to a suitable printing office through a network for data-communication, comprising:

that a PDF engine creating documents uses [two] first and second XML files to create a customer PDF document for printing on demand; wherein
